'...COOL JAMAICAN VIBES
AND
REGGAE MUSIC...'

Miss Lily's

Miss Lily's, is a Caribbean restaurant with two outlets in New York City and one in Dubai. The casual restaurant is a beach Shack-Meets-Jamaican diner giving customers an authentic taste of island cuisine in a lively atmosphere, complete with reggae music, dancehall, hip hop and RnB.

The restaurant is split into three sections: the dining room, the private dining room, and the yard/lounge with a collective capacity of 165 guests.

VENUE

Renowned designer and co-owner Serge Becker is the creative mastermind behind the interiors. His impressive repertoire of past projects include: La Esquina (NYC), Bodega Negra (London), The Box (NYC) and Lure Fishbar (NYC). Becker takes a decidedly theatrical approach to design. With the Dubai location, he showcases Miss Lily's signature look with bright colors and wild, clashing patterns that evoke an 80's Jamaican diner vibe. Elements such as the black-and-blue linoleum checkerboard floors and wood-paneled walls nod to the 50's fast food American diner aesthetic. To pay homage to its New York City roots, the bar area is designed to replicate a typical NYC storefront, the canopy itself having been flown in directly from the Big Apple. Additional design details include a custom-built Jamaican speaker stack wall, vintage Michael Thonet Birch Bentwood Dining chairs (circa 1940), and walls made up of Jamaican vinyl record covers.

LOUNGE / YARD

For those that like a little bit more energy with their meal or are just looking for a place to grab some drinks and dance, this is the section for you. Our Lounge has 4 tables, each with space for up to 10 people for bottle service and/or small bites. The Yard, closest to the bar, has space for another 25 seated guests and plenty of room at the bar. Together, these 2 spaces carry the evening in party atmosphere that has made Miss Lily's a Dubai favorite. This is also the only area in the venue that allows smoking.

DINING ROOM

Known as the "Record Room," our dining area has gained popularity from the wall to wall vintage album covers anchoring the aesthetics in the room. You can enjoy dinner with friends and loved ones in one of our plush booths or have a more intimate meal at one of our 2 tops. Bring 40 of your closest friends and have the room to yourselves. As the music spills into the space, the buzz is undeniable, and the food, service, and energy create a one of a kind vibe.

Available seating for up to 18 and a built-in, dedicated service entrance, it's great for large parties that want a place to call their own. LET US COME TO YOU.

Let's us come to you. We can set up a live station outside and cook for guests on the spot.

This is an interactive experience and guests can pick and choose what they would like from the MissLily's menu.

Alternatively, if the customer does not want a live cooking station – our chefs can use any back of house or kitchen area and cook the food from there.

Dishes can then be served individually, buffet, or family style. Both are great options to spice up your next party or event.
